Jigsaw Jez's Journey

My Thinking Pad

What have I learnt in this puzzle that helps me in our world?

When I am at school I value...

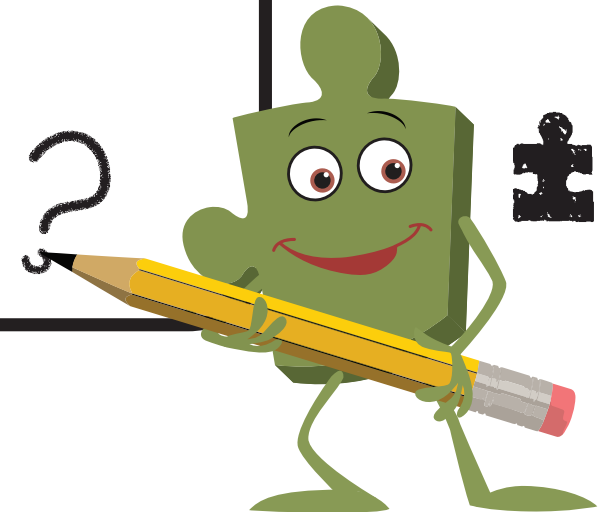

To learn, all children need...

A safe and fair classroom is...

Can you give an example of how people in this country may have a different life to you?

Can you explain why being a part of a community can be a positive thing?

Why do you think we have rules, rights and responsibilities?
