Falmouth School is proud to be part of The Roseland Multi-Academy Trust which currently consists of three secondary and two primary schools. The Trust's mission is "to provide outstanding education for our communities, where everyone succeeds" and we put our staff at the heart of everything we do to create a team spirit in our highly successful schools.

We are looking for an outstanding Learning Leader (Head of Year) and classroom practitioner to join our school. The ability to teach Science, Art or Design Technology is desirable but not essential. You will join a skilled team who work closely together to make sure that students attain their best in their learning. We invite you to look at our website where you can find out more about the school's ethos and culture.

We are seeking a dynamic middle leader who can inspire and promote the highest expectations of other colleagues through the tutor system, creating a collaborative ethos. The successful candidate will have a proven track record of impact in leadership and be able to inspire, lead and manage colleagues to achieve shared goals. You will be able to maintain and develop the systems and processes which will support students in their learning journey, using data effectively to evaluate impact.

We want all our young people to participate fully, with confidence and enjoyment, so that they have a lifelong passion for learning and an understanding of where this may take them in the future. This is an exciting opportunity for an already successful or aspirational middle leader to join Falmouth School as a Learning Leader.

A good degree

The ability to motivate, challenge and inspire students

The experience of, and commitment to, the education of the whole person promoting social and emotional well-being in addition to academic development
