

# Little Carne Nursery

Autumn 1

# What we will learn

## Who am I?

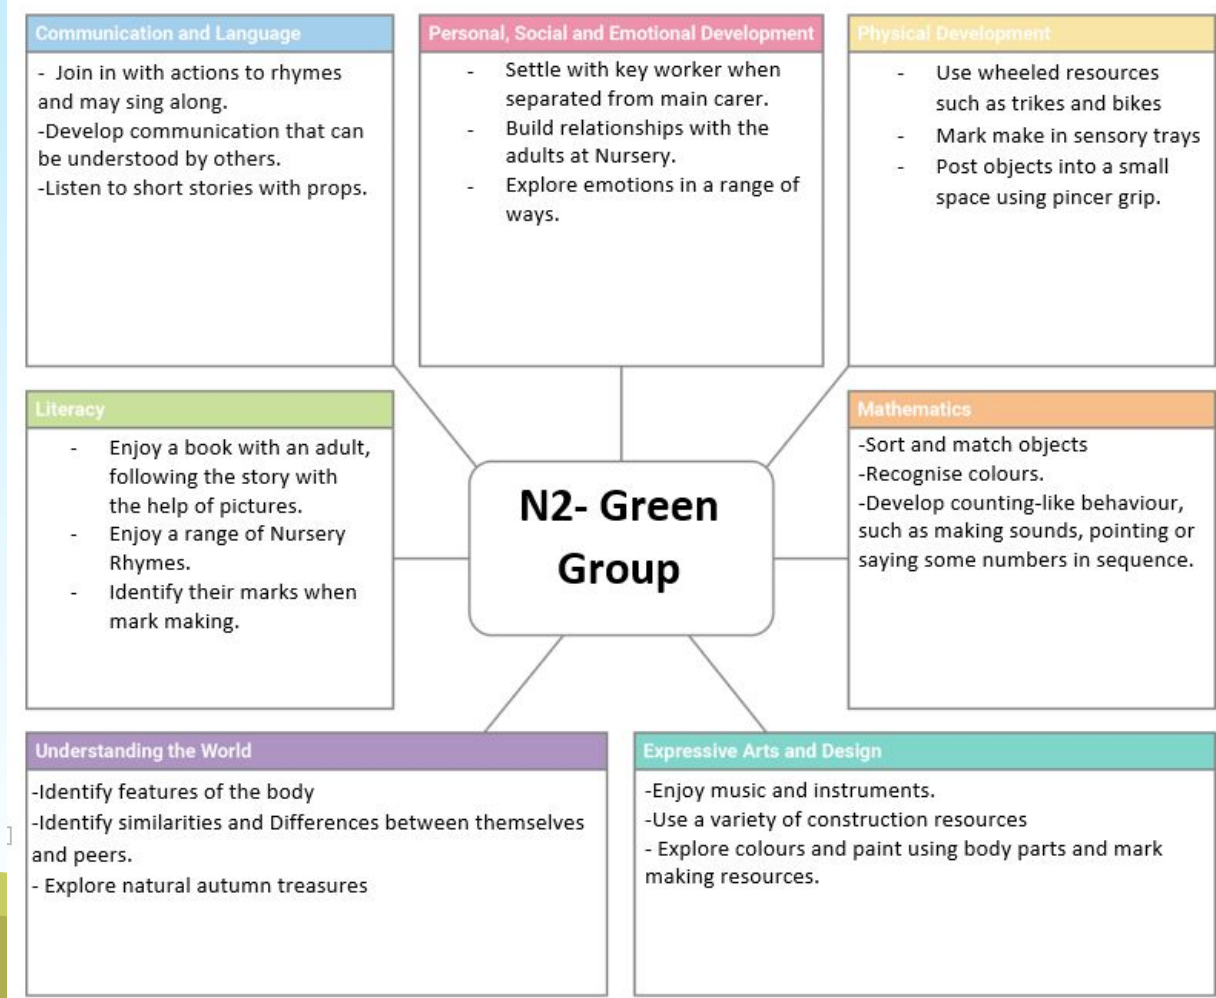

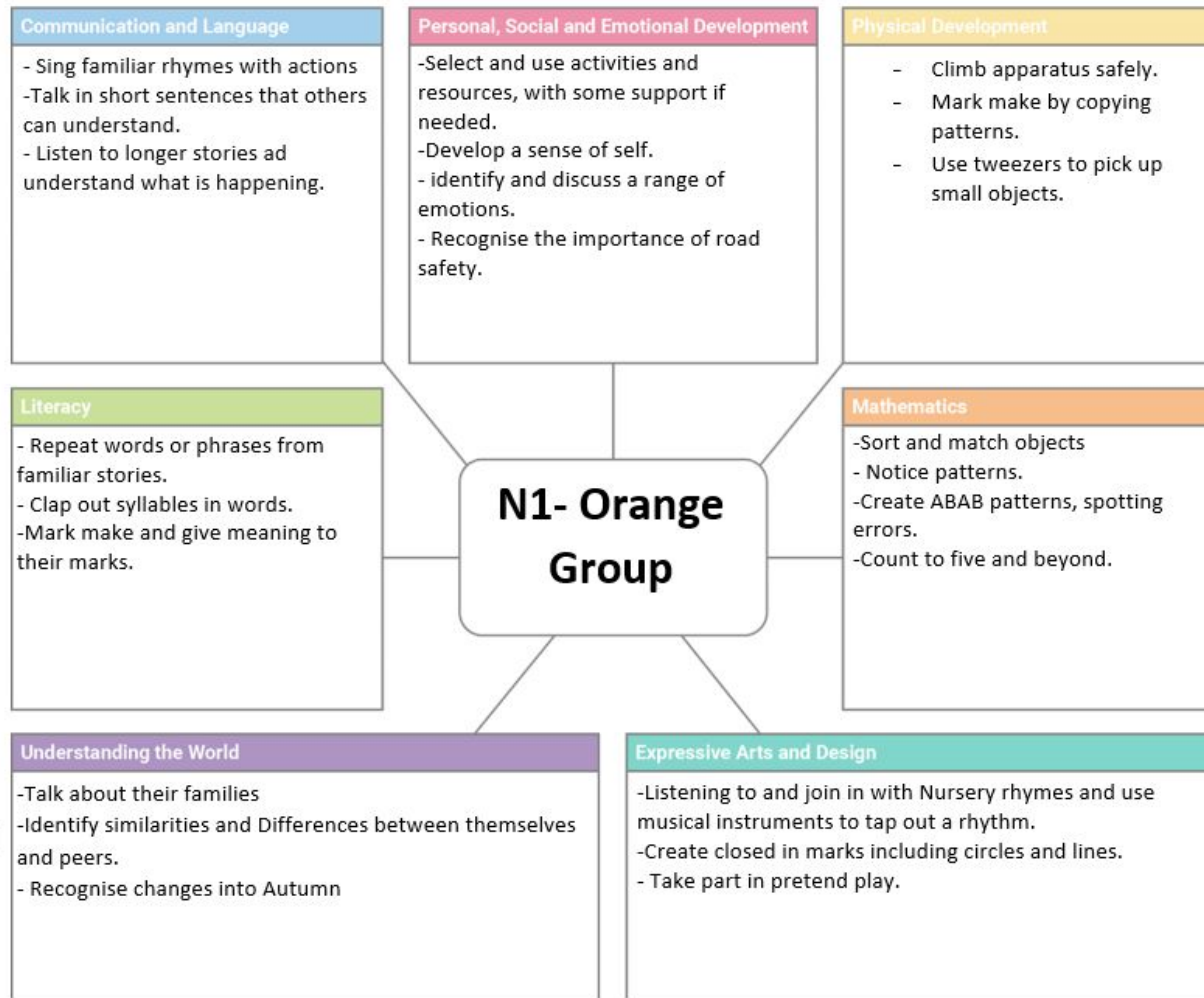

This is an introduction into Nursery as children gain a sense of self and learn about their features, likes and dislikes.

They will celebrate differences and develop roles within the Nursery, as well as get to know their new friends.

## Why are the leaves falling?

This is an investigation into the change of season into Autumn. The children will investigate a range of changes within nature as well as explore natural materials during messy play and art work.
